MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Senior Psychologist Positions in the Office  
of Medical Services

1. This memorandum recommends in paragraph six the upgrading of four positions in the Office of Medical Services and suggests reallocation of upper-level ceiling to accommodate these upgradings.

2. The Chief of the Psychological Services Staff of the Office of Medical Services has requested the establishment of four Senior Psychologist positions at the GS-14 level: two in the Assessment Branch and two in the Research Branch of the Psychological Services Staff.

3. We have reviewed the positions carefully and made comparisons with similar positions in the Technical Services Division of the Clandestine Service and in other agencies. Grade levels in the National Security Agency and in the Technical Services Division tend to support GS-14 for the positions. Further, the recruitment and retention of experienced Psychologists is difficult because the rates of pay available for them in private employment is normally higher than the GS-13 level.

4. We have determined, therefore, that GS-14 is appropriate for the two positions in the Assessment Branch and the two positions in the Research Branch. There is, however, no upper-level ceiling available for these positions based on the distribution of the FY 1971 upper-level allocation as now planned.

5. Let me first say that the Office of Planning, Programming and Budgeting [ ] has no objection to any changes in upper-level ceiling among the Offices of the Support Directorate within your allocation of [ ] positions. There are currently [ ] positions slash-graded as 13/14 in the Office of Training and upper-level spaces have been approved for these positions. There are [ ] incumbents in these positions, [ ] are "D" Career Service designees and [ ] are "ST." If [ ] upper-level spaces are allocated at this time, the net effect on the CSGA for the Office of Training would be an

increase of five (three ST incumbents plus two vacancies). Under present rules there would be no effect on the Clandestine Service since they, by agreement, receive a plus allowance on the Clandestine Service CSGA for the grade of the man occupying a Training Career Service slot.

6. It is, therefore, suggested that the following action be taken:

a. Four upper-level ceiling spaces be transferred from the Office of Training to the Office of Medical Services.

b. The Office of Personnel proceed with the upgrading of the four Psychologist positions in the Office of Medical Services.

7. I will await your decision before taking any further action.

Robert S. Wattles  
Director of Personnel
